DETAILED ACTION

Receipt of amendment filed 12-4-02 is acknowledged. Claims 2, 6, 10, and 15 have been canceled and claims 1, 3-5, 7, and 13 have been amended as requested. Claims 1, 3-5, 7-9, 11-14, and 16 are pending.

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1, 3, 7-9, 11-14, and 16 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Phillips (5,840,737; hereafter '737) in combination with The Merck Index (1983) (see MPEP 2131.01 for multiple reference 35 U.S.C. 102 rejections).

3. '737 discloses benzimidazole solution/suspension formulations comprising sodium bicarbonate where a suspension formulation is administered to a patient who is unable or unwilling to swallow tablets or capsules with an artificial feeding tube such as a nasogastric tube. The amount of sodium bicarbonate in the formulation is within the instant range (see C 8, L 6-17; C 10, L 15-19; C 11, L 53-58; C 13, L 55-64; Claims 7-12). '737 does not specifically give the pH of the solution/suspension, however this is an inherent property of sodium bicarbonate as set forth in The Merck Index (see page 8408).

Response to Arguments

Art Unit: 1615

4. Applicant's arguments with respect to claims 1, 3-5, 7-9, 11-14, and 16 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
